Dear Kerry,

This letter is to confirm our amazement and appreciation for the effectiveness in which you have been able to work remotely with our Adagio accounting program. I wish to confirm that you have been able to set up the program, assist in its construction and to create solutions to our accounting problems from your remote location in a very timely manner. The efficiency in service and cost savings of time and travel for our organization is a great benefit to us and I wish to highly recommend your services to those that may be interested.

A handwritten signature in black ink, appearing to read "BB", with a long horizontal line extending to the right from the end of the signature.
